## ISSUE 2

Clickart magazine is dedicated to photographic art. Showcasing different genre of photographic art forms around the globe is the sole purpose of the magazine. It is my tiny initiative to give photo lovers a visual treat with some amazing works from excellent photo artists globally.

I am thankful to GMB Akash, Daria Endresen, Rimel Neffati, Pedro Diaz Molins, Hiroharu Matsumoto, Anna Nowicka, Marcin Sacha, Pietrino Di Sebastiano, Achraf Baznani and Yalçın Varnalı for giving success to the 2nd issue of Clickart magazine. It was throughout a great journey to work with these magnificent photographers. Special thanks to Rudrita Chatterjee for helping me in editing and designing.

Hopefully readers would love this issue. I am waiting for your kind suggestions for the betterment of the magazine.
